WHITNEY'S RAIL ROAD. -At the last session of Congress Mr. Whitney's manmal was again presented to the Senate, 1.00DS FOR THE PEOPLE and referred to the Committee on Public Lands, and we have before us a report from the pen of the Hon. S. Breese, its | Wilmington can of the most execuchairman, marked by great ability, research and force of reasoning, which commends the document and its author to the most favorable consideration of the country; for it requires great courage in a publie man to come forth and grapple with a question which has encountered the ridicule of the weak, and prejudices of the strong. We honor and thank Judge Breese, and so must our whole country and the world, for his courage and the light he had shed abroad upon this great and important subject. The subject is now before the people, under auspices the most favorable. One of the most prominent committee in the Senate, composed of the following distinguished statesmen, of both parties: Judge Breese, Governor Morehead, Gov. Woodbridge; General Ashley, and Judge Chalmers, has, after a full and patient examination of the entire subject, in all its points and bearings, given it a full, favorable and unanimous endorsement. We, therefore feel outselves heavy winter vestings. bound, after investigating its merits, (which already seem to claim our full ap. | Sugar, Coffee, Molasses, Tea Rice, Fish, pepper probation) to urge its adoption upon Congress at the ensuing session. -N. Y. Globe.

RUINOUS EFFECT OF THE NEW TARIFF. -- We learn by a gentleman from Vermout that the Winooski Falls Manufac turing company, with a capital of \$200. 000, have since the passage of the new tariff bill of Secretary Walker, voted to increase their capital to \$400,000. This company are extensively engaged in the manufacture of cassimeres, large quantities of which are exported to Canada, and sold at a handsome profit The cloths manufactured by this company have frequently been mistaken by the Canadian dealers for West of England Cloths .-
